Introduction

The Lord has given us pastors the responsibility “to prepare God’s people for works of service” (Ephesians 4:12) through biblical training so that they “may be thoroughly equipped for every good work” (2 Timothy 3:17). For over twenty-six years we have been assisting pastors in carrying out these responsibilities. At the request of pastors from around the country, we are grateful to God to be able to present, in this catalog, Bible-centered training for individuals and churches.

As always, Christian Research & Development (CRD) is committed to developing materials that educate and motivate people to live lives that glorify God. Our mission is to serve you by producing resources to develop church ministry, single and family life.

We are willing to bring these training opportunities to your church or town. Read carefully what you would need to do in order to have our instructors come to you or a group of churches. You’ll find our request form on the next page.
